

# CREATING YOUR LOVED ONE'S TRIBUTE

You have the opportunity to commemorate your loved one by creating a tribute in their honor.

## WRITING A TRIBUTE

Write about information that you feel comfortable sharing. This may include describing your loved one's personality, interests, occupation, travel experiences, aspirations, achievements, and information about them and their family.

Please feel free to include photos, quotes, stories and fond memories of your loved one. The tribute is designed to honor and celebrate them, highlighting who they are and how they impacted those who knew them.

## WHERE THE TRIBUTE MAY BE SHARED

The tribute may be used on the Lions Eye Bank of Wisconsin's website, featured in various outreach, educational and awareness resources, exhibiting materials, and our social media platforms.
